Pub Karaoke at THE RED SHAMROCK.

1. When can I sign up?
2. How do I sign up?
3. What do I have to consider when signing up?

# 1. WHEN CAN I SIGN UP?

We always get a huge stack of requests from you guys. Often more than there`s time for in one evening of Pub Karaoke. That`s why we can only accept registrations for very limited time slots.

**The first slot is approximately at 7.30pm on the actual date of the event. The next slot is usually between 10 pm and 10.30 pm and will be announced by our mod team. If there`s still time for more Performances, another slot will be announced between 0.30 am and 1 am.**

Due to the sheer amount of requests, it can seem like the time to sign up is over as soon as it has begun.

Be prepared: when the online registration finally opens, you need to act fast!

If you visit our online registration tool and there`s no form shown, just a text, then you missed your chance and it will be closed until our team says otherwise.

# 2. HOW DO I SIGN UP?

Please follow the Link to get an overview of all available songs in our catalog

**Note! In the interest of fairness, we only accept online request through this form; offline requests, as well as any requests made via Facebook, Instagram, etc. will not be accepted!**

Exception will be made in the rare case where online registration is not possible. Please approach our mod team for offline alternatives.

### 3. WHAT DO I HAVE TO CONSIDER WHEN SIGNING UP?

We always do our best to create the most fun karaoke experience for all our guests. The order of singers is curated in real time by our mod team, and we want to give all singers their fair share of stage time. In order for this to work, we need your help!

Keep the following things in mind when registering;

- Check the catalog before you fill out the form. If your song isn't available, we can't play it. Songs with a „thumbs up“ icon aren't available.

For „Community“ titles, be mindful of potential Quality issues (like poor audio quality or incorrect lyrics). If possibly give them a listen to make sure they meet your expectations.

- Register only one song per form submission

- Due to the time limit, register a maximum of three songs per evening. If you already sang three songs but another sign-up period is announced you are happily welcome to try your luck registering for another song.

- Sign up using the same name for each form submission. If you want to sing as a group, please include the names of all group members and do not use group nicknames! Singers' requests are only distinguishable by the name on the sign-up form, and there is a good chance that someone else will have the same name as you. Just add an initial when signing up so we can tell you apart. If you've already submitted a song without the distinguishing letter, please let our mod team know immediately. Otherwise we will assume: same name, same person.

- No song title will be played twice in one evening. If you've requested the same song as someone else, our mod team will ask you to choose another song.

- If you'd like to disinfect the microphones before singing, disinfectant wipes are placed on the stage to the left

- For various reasons, we will not play songs by Helene Fischer, Boehse Onkelz, or similar artists.

- Listen up! The mod team will call your name when it's your turn. If you miss the call-up twice, we will remove your name from the queue.

If you have any questions or need help with something please ask our staff. We are always happy to assist you!
